Here is what has been said about Peacekeeper Training in the past

- “I’ve been an instructor for 22 years. Nobody is teaching this kind of information. Excellent Class! Excellent Product!”
ECSD, IN
- Taught by Cops, for Cops; as it should be! As a certified ASP, Monadnock, and PPCT instructor, Peacekeeper Training is superior to all other baton systems.
Pinellas Co. Sheriff, FL
- We drug our feet but were forced to go to your training. Collectively our five instructors have over 121 years of instructional training and wondered what Peacekeeper could teach us that we didn’t already know. We came back believers in your products and your training. Your training philosophy is the most applicable of all other baton training systems.
- *Palm Beach Co. Sheriff, FL*
- “I thought I was going to another boring certificate class. I was very impressed with the content and presentation of the information.”
S.H. – PCSD, NJ
- “Your baton and training system is far superior than any impact weapons course I’ve been to. Now I know why so many agencies are switching to your system”.
Training Officer, Denver PD
- “Since going to your course, our agency revamped all of our baton training curriculum. Your system just makes sense.”
T.C., Riverside Co Sheriff’s Dept., CA
- “Far Superior to any other baton system available!”
W. Evans, PBSO
- I have received training in most impact weapons available and I find that the RCB training program is by far the most effective. The simple techniques, direct approach to demonstration movement and repetition of techniques makes it easy to learn. Simple and Effective!
J.W. – CVSA
- Baseline training - as it should be! Simple, Effective, Non-Complex. Easy to retain. Open communication with students allowing for information exchange and practical application.
R.M. – U.S. Army National Guard
- “I enjoyed the class very much. Very impressed with the products. The realistic scenarios will be useful for my officers on the streets. I will be sharing this information with them.”
